(Limited working proficiency)

Projects

Dama Project

March 2012 to Present

Members:Mustafa Azad

It is a project to build an online based traditional kurdish game called Dame, Where players from different areas of the world can meet up and play the game together, it is more like a lobby where players can keep their personal records and histories on the online based application and play the game on daily basis.

Still working on this project and looking forward for a soon enough accomplishment for it.

Designed and developed a number of websites

Members:Mustafa Azad

www.Orasiaoffice.com

www.arbilengineering.com

www.dar-alhafia.com

www.answeringchristianity.com

And a number of websites which I haven't uploaded and some are still under construction
